

## Concrete Hopper

Concrete Hopper - This particular attachment is a self-dumping hopper that automatically activates to unload as soon as bumper release contacts the side of a dumpster. Once dumping is finished, the hopper returns to a locked and upright position. This piece of machinery is likewise available along with a cable which allows operation from the seat of the forklift so as to have the option of manually dumping the hopper. There is a locking chain provided so as to secure the hopper to the tine truck. This particular product is made with reliable and consistent robotic welds for maximum strength. The lift truck dumping hopper even has a blue powder coat finish so as to maintain durability.
